(2) (a) If more than one candidate has a surplus, the largest surplus shall be first dealt with;

(b) If two or more candidates have each an equal surplus, the surplus of the candidate with the greatest -- number of votes at the first count at which the -- candidates in question have an unequal number of votes shall be first dealt with. (c) If two or more fractional parts are of equal magnitude, that fractional part shall be deemed to be the largest, which arises from the largest sub-parcel, and if the sub-parcels in question are equal in size the fractional part credited to the candidate with the greatest number of votes at the first count at which the candidates in question have an unequal

.....24

unequal number of votes, shall be deemed to be the largest. When the numbers of votes credited to such candidates are equal at all counts, the -- Registrar shall determine by lot which fractional part shall be deemed to be the largest.

(3) If, when a candidate has to be excluded, two or more candidates have each the same number of votes, and are lowest on the poll, the candidate with the -- lowest number of votes at the first count at which the candidates in question have an unequal number of votes shall be excluded and, when the numbers of votes credited to these candidates are equal at all counts, the Registrar shall determine by lot who shall be excluded.

(4) Upon the exclusion of any candidate, the Registrar, save as hereinafter provided, shall examine all the papers credited to that candidate; shall sort the transferable papers into sub-parcels, according to the next available preferences recorded thereon for continuing candidates; shall transfer each sub-parcel to the candidate for whom the preference is recorded; and shall set aside, as a separate sub-parcel, the parcel of non-transferable papers.

A meeting of the Joint Board of the Universities in the State of Bombay was held in the Syndicate Room, North Wing of the University of Bombay. on Wednesday, the 7th June, 1950, at 12-30p.m. when the following were present:-

1. Shri M.H. Bhagwati, Vice-Chancellor of the Bombay University (Chairman),
2. Dr. M.R. Jayakar, Vice-Chancellor of the Poona University,
3. Shrimati Hansa Mehta, Vice-Chancellor of the M.S. University of Baroda,
4. Shri R.A. Jahagirdar, Vice-Chancellor of the Karnatak University,
5. Shrimati Premlila Thakersey, Vice-Chancellor of the S.N.D.T. Women's University,
6. Shri P.V. Divatia, Vice-Chancellor of the Gujarat University.

The minutes of the informal conference of the Vice-Chancellors of the Statutory Universities in the State of Bombay held on Monday, the 24th April, 1950, were confirmed and signed by the Chairman.

The following business was disposed of.

1. The adjustment and fixation of the academic terms at the different Universities.

RESOLVED that the Joint Board is strongly of opinion that

(i) thae Academic Year of the Universities in the State of Bombay should commence from January every calendar year, and that the terms and vac tions should be as under:-

(a) the first term should extend from the beginning of January to the middle of April;

(b) the summer vacation should extend from the middle of April to the middle of June;

(c) the second term should extend from the middle of June to the middle of October;

(d) the annual university examinations should commence towards the end of October or the beginning of November;

(e) the results should be declared by the third week of December.

The abovementioned arrangement would have the advantage of the annual examinations being held at a time of the year when climatic conditions all over the State are very nearly alike and favourable for study and examination work. It would also have the advantage of providing a convenient period of camping for N.C.C. cadets. The arrangement may necessitate the holding of the S.S.C. Examination in October or November every year so that the candidates who pass it may be able to join the colleges from the commencement of the academic year in January. The Joint Board trust that Government will make the necessary changes in the School Year and that the S.S.C. Board will alter the date of the holding of the S.S.C. Examination accordingly without inconvenience to themselves.

Until the proposed new arrangement is accepted the University terms should be as decided upon by the Bombay University viz:-

..... 2.

First term:- from the 15th June to the 14th October. with a break of two-weeks towards the second half of August, to be decided by the Syndicate in advance every year.

Second Term:- from the 10th November to the 15th March, with a break from the 21st December to the 8th January

2. The subjects and papers in which candidates at the S.S.C. examination must pass in order to be qualified to enter the Universities, and the standard of attainment required for this purpose.

RESOLVED that the Joint Board is of the opinion that, in order to be admitted to the University, a student should have passed the S.S.C. Examination in the following subjects and papers, and obtained 35 per cent. of the marks in each paper:-

1. English
2. A modern Indian language or a paper in English (with texts)
3. A classical or a modern European language.
   (N.B. The Vice-Chancellor of the Maharaja Sayajirao University of Baroda is of the opinion that paper No. 3 should not be compulsory in the case of students who want to take the science course at the University).
4. A science subject.
5. History
6. Geography
7. Algebra or Geometry.

The Joint Board is further of the opinion that the proposed alternative condition such as exists in the case of the Cambridge School Certificate examination, Viz., the obtaining of a number of credits at the examination, irrespective of the subjects in which a candidate has passed, be not adopted.

3. The main recommendations of the University Commission Report in so far as they affect the various Universities.

RESOLVED that consideration of the item be postponed to the next meeting.

4. The recommendations of the Legal Education Committee of the Government of Bombay

and

10. a letter from the Pro-Vice-Chancellor of the Maharaja Sayajirao University of Baroda in that behalf.

RESOLVED that the Joint Board is of the opinion that graduation in any faculty should be the stage of admission to studies in law. This is in perfect accordance with the recommendations of the University Education Commission and with the opinion expressed by the authorities of the University of Bombay and the Faculty of Law of the Karnatak University on the report of the Legal Education Committee appointed by the Government of Bombay.

5. The following resolutions sponsored by the University of Bombay before the Inter-University Board, which will come up for consideration at their next meeting to be held at Nagpur in August 1950.

i) That the National Language should be adopted as the medium of instruction at the University stage and English should continue as the medium of instruction

until suitable text-books and qualified teachers are available for imparting instruction through the National Language.

Provided, however that the Regional languages should be adopted as the media of instruction for courses of study in the respective regional languages.

ii) In our present set up of the Sovereign Democratic Republic it is the duty of every citizen to defend his country. With that end in view and as the third line of defence every alumnus of a University should be imparted compulsory military training of N.C.C. type for at least a period of two years as a condition precedent to his obtaining a degree, except where he is certified to be unfit by a Medical Board appointed by the University authorities for the purpose.

In the alternative and in so far as the State cannot provide all at once for compulsory military training and during the period that provision is made for the same, every alumnus should be imparted compulsory physical training of a proper type for at least a period of two years, with Lathi, Fencing, archery, shooting, drill, camping and the like, as a condition precedent to the granting of a Degree, except when exempted as above.

iii) That graduation in any Faculty should be the prerequisite of admission to the Law Courses of a University.

RESOLVED that (i) consideration of resolution No. (i) be postponed for the present.

(ii) the Joint Board is of the opinion that every alumnus of a University should be given compulsory military training of the N.C.C. type for at least a period of two years as a condition precedent to his obtaining a degree except where he is certified to be unfit by a Medical Board appointed by the University authorities for the purpose.

In the alternative and in so far as the State cannot provide all at once for compulsory military training and during the period that provision is made for the same, every alumnus should be imparted compulsory physical training of a proper type for at least a period of two years, with Lathi, Fencing, Archery, shooting, drill, camping and the like, as a condition precedent to the granting of a Degree, except when exempted as above.

iii) Vide the Resolution in item No. 4 above where in the Joint Board has accepted the view that graduation in any Faculty should be the stage of admission to studies in Law in a University.

6. The admission of students to special institutions like the University Department of Chemical Technology, the Colleges of Medicine, Engineering and Agriculture, Veterinary Science, the Dental College and the College of Pharmacy.

RESOLVED that the Joint Board is of the opinion that in the matter of admission of students to special institutions like the Colleges of Medicine, Engineering, Agriculture, Veterinary Science, Dental Science and Pharmacy two representatives of each of the 5 Universities of Bombay, Poona, Baroda, Karnatak and Gujarat should be associated with the Board or Committee constituted by the Government for regulating and making admissions; and that so far as the University Department of Chemical Technology is concerned the quota system adopted by the Syndicate of the Bombay University should be continued.

7. Letter from Mr. M.H. Raichur suggesting that either the Poona University should extend the privilege of admitting non-collegiate students to its Arts Edaminations to all the students of the Bombay Province or the other Universities should make a similar provision.

RESOLVED that a reply be sent to Mr. Raichur pointing out that so far as the Poona University is concerned it cannot extend the privilege beyond its jurisdiction. The University of Bombay has already asked the Government to include a provision for external students in the proposed amendment of the University Act, as no such provision exists at present. So far as the other Universities are concerned he may write to each of them individually in the matter.

8. Letter from the President, Ahmedabad Medical Society, stating that admissions to the B.J. Medical College, Poona and Ahmedabad are disproportionate in point of the fact that none of the students from the Gujarat University area was admitted to the B.J. Medical College, Poona whereas 28 students from Poona University area were admitted to the B.J. Medical College, Ahmedabad and suggesting that the admissions in June 1950 to the B.J. Medical College, Ahmedabad should strictly be confined to the students who have passed the Inter Science Group B examination of the Bombay University only.

RESOLVED that the President, Ahmedabad Medical Society, be informed that the Joint Board is satisfied that no blame can attach to the Poona University in the matter of admissions to the Poona and the Ahmedabad medical colleges, and that the Board is recommending to Government that two representatives of each of the Universities should be associated with the selection Board which regulates admissions to the medical colleges managed by the Government.

9. Suggestions made by the Syndicate of the Bombay University for the consideration of the Joint Board in regard to its constitution etc. and the note of the Pro-Vice-Chancellor of the M.S. University of Baroda in that behalf.

RESOLVED that the suggestions made by the Syndicate of the Bombay University be accepted and that, in accordance therewith, the name of the Joint Board be changed from "the Joint Board of the Universities in the State of Bombay" to "the Joint Board of the Vice-Chancellors of the Statutory Universities in the State of Bombay" and that rule 1 of the constitution be amended accordingly;

Further that rule 9 of the constitution be amended to read as follows:-

> " The Registrar of the University the Vice-Chancellor of which is the Chairman for any year shall be requested to act as Secretary of the Joint Board and to keep its minutes"

The words "Powers and" be deleted from the set of rules dealing with functions of the Board and that the words "consider and make recommendations in respect of" be substituted for the words "deal with" in the introductory paragraph relating to the function of the Joint Board.

Further that the suggestion contained in the note of the Pro-Vice-Chancellor of the M.S. University of Baroda that each University shall be represented by the Vice-Chancellor and one person elected by the Syndicate of each University be not accepted; further that the following suggestion contained in the note be not accepted:

> "That each University shall bear the cost of travelling for its Vice-Chancellor and its representative."

11. Letter from the Secretary to the Government of Bombay, Education Department, stating that in view of the provision in the constitution of India declaring Hindi as the official language of the Union and the recommendation of the University Commission that English should be gradually replaced by Hindi in the Universities

..... 5.

Hindi should also be used by the various authorities in the Universities for the transaction of their business.

RESOLVED that the following reply be sent to the Secretary the Government of Bombay, Education Department:-

> That the Joint Board is of the opinion that the question whether members of the various authorities of the Universities should be permitted to participate in the business by using the Hindi language instead of English, if they so desire, is a question which should be left to be decided by each University in accordance with the conditions prevailing in that University, and that the Joint Board does not desire to express any opinion on this matter in the circumstances obtaining at present.

It was agreed at the end of the meeting that next meeting of the Joint Board should be held some time in the month of November, 1950.

S.R. DONGERKERY,

Secretary,

KARNATAK UNIVERSITY.

Annual Report of the University.
(Till the end of June 1950).

RENAISSANCE.

To understand the intensity of the feeling behind the demand for a Karnatak University, it is essential to remember that, like a few linguistic groups in the country, the Kannada people had, for a number of centuries, lost their integrated cultural life. The dismemberment of the Kannada Region and its dispersal under different administrations aided and aggravated this disintegration and made it doubly difficult for the Kannada people to develop what was yet left of their culture. With the general quickening of the national consciousness towards the end of the 19th century, the Kannada people naturally also felt the urge to develop their own independent culture. A renaissance movement set in, which took, among other things, the form of a demand for higher educational institutions in Karnataka. This demand led to the establishment of the Karnatak College in 1917 - 57 years after the establishment of the Deccan College in Poona and 38 years after the establishment of the Gujarat College at Ahmedabad. This was undoubtedly a step in the right direction; and yet, the Karnatak College could not, by the very nature of things, be run as a regional institution devoted to the development of Kannada culture. The popular opinion, therefore, only partly satisfied with the establishment of the Karnatak College insisted upon the need for a Karnatak University.

THE MOVEMENT.

In the meanwhile, the principle underlying the establishment of Regional Universities had already been recognized at the Bombay Presidency Educational Conference of 1917 and accepted by the Sadler Commission in 1920. The Setalvad Committee on University Education in Bombay also endorsed this principle in their report published in 1924. Though the principle of Regional Universities was thus recogni-zed, nothing was actually done to promote the establishment of such Universities in the Bombay Province. Opinion in the Karnataka Districts in favour of a Karnataka University received a sudden impetus when the Andhra University Bill, contemplating the inclusion of the Bellary District within the jurisdiction of that University, was introduced in the Madras Legislative Assembly in 1926. The public of Bellary and the Sahitya Parishat launched a vigorous protest against this attempt to include a Kannada District within the jurisdic-tion of a non-Kannada regional University, and they were strongly supported by the Karnataka Provincial Congress Committee and the Karnataka Unification League. As a result of this agitation, the Bellary District was not included in the jurisdiction of the Andhra University. The first Karnataka University Conference was convened in Bellary in the same year, and a Karnataka University Association was formed with the object of bringing into existence a separate University for the Kannada areas. The movement received an additional impetus after the appointment in 1942, of the Maharashtra University Committee in accordance with the principle of establishment of regional Universities which the Government of Bombay had accepted in the Bombay Legislative Council as far back as 1937. A Karnataka University Conference was convened in Belgaum in 1942 and was follow-ed by the formation of another Karnataka University Association. A second Conference was held in Dharwar in October 1943, when prominent Karnataka educationists discussed the implications of the recommendations of the Maharashtra University Committee's Report for the future of higher education in Karnataka, and chalked out a programme of work for the early establishment of a Karnataka University. A Karnataka University Association was formed in Dharwar, and was then amalgamated with the Association constituted in Belgaum in the preceding year. This Association launched a campaign for the establishment of a Karnataka University, issued a Questionnaire and drafted a scheme on the basis of the replies received. The 28th September 1946 was observed as "Karnataka University Day" all over the region, and a deputation waited on the Hon'ble Premier and Minister of Education, Bombay, with a request that immediate steps may be taken by Government to establish a Karnataka University.

.....2

PRELIMINARY.

Although the principle of establishing regional Universities had been engaging the minds of educationalists since 1920 and various University Committees had endorsed this principle, it was only after the second world war that the Government of Bombay realised the urgency of the matter and issued a declaration in favour of establish -ing regional Universities. Committees were appointed for the creation of the Poona, Karnatak and Gujarat regional Universities. The Karnatak University Committee was appointed on 17th April 1947 under the distinguished Chairmanship of Shri N.S. Lokur. In the words of the Committee, the function of the University was 'to integrate the educational and cultural life of the Bombay Karnatak in the first instance, to act as a sort of magnetic centre for the scattered fragments of Kannada areas and to pave the way for the ultimate unification of the Karnatak province.' The Report was submitted to the Government in May 1948. During the next 12 months or so, the recommendations of this Committee were incorporated in a Bill which was passed by the legislature and went on the Statute Book in April 1949. The first Vice-Chancellor and the first Registrar were appointed by Government towards the end of July 1949 and the Advisory Committee consisting of fifteen members was appointed a few days later to assist the Vice-Chancellor during the trasitional period.

Under Section 65 of the Act, the Vice-Chancellor was expected to arrange for the incorporation of the University within six months from the date of his appointment. While the Vice-Chancellor proceeded on a tour of the University area at the beginning of August 1949, the Registrar made a close study of the organization and administra -tion of the Bombay University. The procedure followed by the -- Poona University the year before, under similar circumstances, was carefully studied and a plan of the initial work before the Univ rsity was fixed by the middle of August.

UNIVERSITY OFFICE.

The University Office started functioning in a room, kindly loaned to it by the Curator of Libraries in the Town Hall, Bombay with a staff of one clerk provided by the Secretary, Education Department. For the next two months, a large amount of information and office equipment was collected and the main body of the -- Provisional Statutes was drafted in close consultation with the various departments of the Secretariat. Later, the University of Bombay kindly relieved a senior clerk on their establishment for service with the Karnatak Univ rsity and a stenographer was added to the office staff. The Office moved into the three rooms of the Training College for Men, Dharwar, in the first week of October, 1949 and the staff was later augmented by one senior clerk and six junior clerks.

Owing to the increasing volume of work, as various authorities of the University have now started functioning, addition to the staff is urgently needed and has been planned already. But the present space in the Training College building allotted to the Karnatak Univ rsity is too inadequate even for the purpose of office and committee meetings. The need for additional accommoda -tion is therefore felt acutely felt.

THE ADVISORY COMMITTEE.

The Advisory Committee consisted of the following fifteen members:-

1. The Director of Public Instruction, Poona.
2. Dr. M.S. Shah, Ph.D.,(Lond.), Principal, Karnatak College, Dharwar.
3. Shri G.S. Paramashivayya, Principal, Lingaraj College, Belgaum.
4. Dr. S.C. Nandimath, Principal, Basawehwar College, Bagalkot.
5. Shri B.N. Datar, M.A., ~~XXXXXX~~ Belgaum.
6. Shri D.P. Karmarkar, M.A., LL.B., Dharwar.
7. Professor S.S. Basawanal, M.A., Dharwar.
8. Shri R.S. Hukerikar, M.A., M.L.A., Dharwar.
9. Shri Y.S. Mahajan, Principal, J.G.College of Commerce,Hubli.
10. Shri A.A. Kittur, B.A., LL.B., M.L.A., Dharwar.
11. Shri S.R. Tawde, Principal, Secondary Training College,Belgaum.
12. Shri G.B. Jathar, M.A.,(Cantab.), Principal, K.E.Board's College, Dharwar.
13. Shri M.P. Wali, M.A., Belgaum.
14. Shri V.G. Hegde, M.A., LL.B., Sirsi.
15. Shri H.M. Desai, B.Ag.,M.Sc.,(Cornell), Principal, Agricultur -al College, Dharwar.

Principal Mahajan soon after his appointment on the Committee resigned as he transferred his services to the Jalgaon College and Principal Desai resigned on ~~x~~ retirement. Principal V.C. Pavate, B.Ag., and Principal B.M.Ramalingayya, M.A., were appointed in their places.

The Committee held in all six meetings and assisted the Vice-Chancellor in -

i) framing the Provisional Statutes and Election Rules;
ii) selecting the representative associations under section 15 of the Act;
iii) drafting the First Statutes and Ordinances ~~xxxxxxxx~~ to be placed before the relevant authorities; and
iv) the administration of elections and examinations and various other routine decisions.

FINANCE.

The Government made an initial grant of Rs.50,000/- towards the preliminary expenses and the University had to work as a Government Department under the financial control of the Secretariat until the day of its incorporation. Proposals for providing the necessary staff for the University Office had to be submitted to the Provincial Government and were to be acted upon only after their sanction was obtained. In practice, this procedure meant considerable delay in building up the University administration. The Vice-Chancellor, in consultation with the Advisory Committee, therefore, thought it desirable to expedite the procedure ~~xx~~ for incorporation of the University so that the urgent needs of the University could be attend -ed to by the relevant authorities. Later, towards the end of March 1950 the Government made a supplementary grant of Rs.50,000/- thus bringing the total grant for the financial year 1949-50 to Rs.1,00,000/

The Government has sanctioned for the current year Rs.3,50,000/- by way of recurring grant and Rs.4,00,000/- as non-recurring grant. The Syndicate has recently prepared the budget estimates for the current year and it shows an income of Rs.8,94,200/- against an expenditure of Rs.17,15,847/-. This is, of course, a deficit budget. Both the Government and the public are expected to appreciate the position and help the University in meeting its minimum commitments.

ELECTION AND CONSTITUTION OF AUTHORITIES.

The decision to hold the thirteen examinations (given under the paragraph 'EXAMINATIONS') required the University to be incor-porated before the end of the second term i.e. 10th of March 1950. The Provisional Statutes and Election Rules took a considerable time before they could be approved by the Chancellor. All the elections had, therefore, to be rushed within the short period from 7th November 1949 to 16th January 1950 leaving barely 5 weeks for all the elected members to meet and bring the different authorities into existence. By 20th February 1940 all the authorities were constituted and the rest of the Sections of the Act were brought into force on the 1st of March 1950.

EXAMINATIONS.

It was decided fairly early that the following examinations be held by the University and that in agreement with the Bombay University the students at the different institutions within the University area be permitted the options to appear at either of the University examinations:-

1. Inter Arts.
2. Inter Science.
3. B.A.
4. B.Sc.
5. Inter Com.
6. B.Com.
7. B.T.
8. T.D.
9. 1st LL.B.
10. F.E.
11. F.Sc.(Agri).
12. S.Sc.(Agri).
13. B.Sc.(Agri)

The Syllabuses, the text-books and the Regulations governing all these examinations were to be the same as had been prescribed by the Bombay University. The selection of examiners was made from the panels prepared by the Bombay and Poona Universities on the recommendations of the Selection Committees appointed for the respective Faculties. Dharwar and Belgaum were made the main centres for these examinations and all arrangements for the conduct of these examinations were made in consultation with the Advisory Committee. The office staff took the strain of administering these examinations remarkably well.

The statistical information regarding the examinations is annexed hereto as Appendix 'A'

PRINTING WORK.

A large amount of printing work had to be got done at short notice in connection with the elections and examinations. Most of the local presses and the Samyukta Karnatak Press, Hubli readily undertook the work and executed the same in time. The Bombay University Press was entrusted with the work of printing of answer-books.

MEETINGS OF THE UNIVERSITY AUTHORITIES.

The Senate.

Since the University was incorporated on the 1st of March 1950, the Senate met once only on 23rd June 1950 and the first Statutes which were placed by the Vice-Chancellor for consideration were accepted for being submitted to the Chancellor for his assent.

The Syndicate.

Seven meetings of the Syndicate were held. Among other things the Syndicate took decisions on the following important items:-

i) Appointment of the following Provisional Committees until regular Committees under the Act, Statutes or Ordinances were appointed:-

(1) Provisional Board of University Teaching.
(2) Provisional Library Committee.
(3) Provisional Building Committee.

ii) Framing of the Ordinances.

iii) Appointment of the following Sub-Committees:-

(1) First Statutes & Ordinances Drafting Committee.
(2) Scholarships & Prizes Committee.
(3) Ad Hoc Committee under Ordinance 154-D (Bombay University).
(4) Committee to investigate and report on cases of mal-practices at Examinations.
(5) Budget Committee.

One of the important Committees appointed by the Syndicate was that appointed to consider the new syllabus of the S.S.C. Examination and the different subjects included thereunder (for 1951 and subsequent examinations) and to recommend the standards of eligibility of S.S.C. students for admission to ~~xxx~~ different collegiate courses. The Committee has submitted a comprehensive report in the matter after -- having taken into account up-to-date information relevant to the question.

The Academic Council.

The **first meeting** of the Academic Council was convened on 3rd June 1950, when they considered, among other things, the question of determining the standard of eligibility of S.S.C. students for admission to collegiate courses and the adoption of the Regulations relating to -- various examinations.

Provisional Board of University Teaching.

As the main task before the University was to provide for a co-ordinated plan for post-graduate studies and training, a Provisional Board of University Teaching was appointed by the Vide-Chancellor in the first week of December 1949. It consisted of the following:-

i) The Vice-Chancellor,
ii) Principal V.K. Gokak,
iii) Principal M.S. Shah,
iv) Principal G.B. Jathar,
v) Principal G.S. Paramasivayya,
vi) Principal V.C. Pavate.
vii) Principal V.K. Bhat. vide Karnatak University Circular No. 6396, d. 12-9-50

Two meetings of the Board were held during the period under report and Sub-Committees for Arts, Social Sciences, Sciences, Law and Agriculture were appointed to report on the planning for post-graduate training in their respective Faculties.

A permanent scheme for post-graduate teaching and instruction is expected to be ready in the second term; in the meanwhile, an interim arrangement has been operating during the first term of 1950-51.

contd.....

Provisional Library Committee.

The Provisional Library Committee met only once on 15th April 1950. At the meeting a number of decisions were taken, particularly for the preparation of the lists of books required to be purchased for the University Library, the accommodation for locating the library, furniture and library staff.

Provisional Building Committee.

From the very outset, the problem of constructing at -- least a few buildings on the Chhota Mahabaleshwar site was examined in collaboration with various experts. But it became clear that with the present scarcity of building material it was not possible to pursue -- this proposal vigorously. A detailed contour map of the Chhota -- Mahabaleshwar site was undertaken by the Soil Conservation Department, Dharwar, and completed. A Provisional Building Committee was appointed consisting of the following -

i) Prof. P.W. Gideon (Chairman),
ii) Prof. C.D. Deshpande,
iii) Shri B.S. Mahantannavar

to report on the University's requirements and suggest a useful sche

This Committee has submitted comprehensive plans and -- detailed suggestions for the erection of buildings for the various needs of the University. The estimated cost of these buildings will amount -- to more than 50 lakhs of rupees.

COMMITTEES PROVIDED BY THE ORDINANCES.

The Ordinances framed by the Syndicate have provided for the institution of the following Committees:-

Prizes and Scholarships.

The Syndicate at its meeting held on 17th May 1950 -- appointed a Committee to recommend detailed provisions for the award of prizes and scholarships at all the University examinations held -- during the first half of 1950. The Committee has submitted a comprehensive report which involves an estimated expenditure of about Rs. 8,000/- for the award of the proposed prizes and scholarships. The awards will be made soon after the Senate accords its sanction to the proposals.

Donations.

As all the preliminary work had to be completed within a short time, it was not possible to plan any concerted drive for -- donations and endowments from the public. Following a suggestion made in the Report of the University Committee, the Vice-Chancellor issued an appeal to the co-operative societies in the University area for -- donations and discussed with the Chairman, Bombay Provincial Co-operative Institute, Bombay, the manner in which the co-operative societies and public associations of Karnatak could be persuaded to help the -- University funds. The University has gratefully accepted donations to the extent of Rs. 4,500/- from individuals and institutions for the -- award of prizes and scholarships.

contd.....

Endowment.

An endowment of Rs. 12,700/- has been offered by Principal -- M.V. Donde of the R.M. Bhat High School, Bombay, for awarding a -- scholarship to a son or daughter of a Primary School Teacher living outside the Bombay City, who has passed the S.S.C. Examination with the highest number of marks and who joins a college affiliated to this University.

All these lectures were well attended.

JOINT BOARD OF VICE-CHANCELLORS OF UNIVERSITIES.

The Chief Minister convened a conference of Vice-Chancellors of Universities in the Bombay State, on 1st November 1949 and suggested the advisability of constituting a Joint Board of Vice-Chancellors to consider questions of common academic interest and adopt a uniform policy. IMMEDIATE NEEDS OF THE UNIVERSITY.

At present, there is no provision in the Karnatak University for medical and engineering and other technological studies. The Engineering College at Hubli teaches only upto the F.E. course. Its development into a fulfledged college is mainly dependent on -- liberal financial assistance from the government and the public. The social and industrial economy of the Karnatak area has not received adequate consideration in the past. The traditional middle class which used to finance the various educational schemes, has been -- impoverished owing to the peculiar post-war economic circumstances. The expansion of the University in the Faculties of Medicine and -- Engineering and Technology is only possible if government itself takes the initiative and provides the necessary finance.

After welcoming the members to the first meeting of the Senate the Vice-Chancellor referred to the sad death of their colleague, Shri A. B. Latthe in the following words:—

" It is my duty to refer to the sad death of Shri A. B. Latthe, a member of the Senate. He was an elderly statesman and a seasoned soldier. He played a prominent part in the politics of the province some years back. In 1937 when the Congress accepted office in the provinces, he was taken as the Finance Minister in the Province of Bombay. As you all know, he won laurels as the Finance Minister and brought distinction both to himself and to the Congress Ministry. We expected that he would be a useful guide to the University in its early career; but God wished otherwise. By his death the State of Bombay and this University have lost the services of an able

man. In the name of the Senate, I would send a message of condolence to the bereaved members of his family "

At the request of the Vice-Chancellor the members stood up in silence for a few moments in respectful memory of Shri Annasaheb Latthe.

The Vice-Chancellor thereupon briefly gave to the House an account of the various activities of the University since the date of his appointment. Before item No 1 on the Statement of Business was taken up, the Vice-Chancellor explained that Section 65 of the Act had been so interpreted by some legal experts as not to permit of any amendments to the First Statutes placed before them, He had however noticed that Dr. Jaykar had taken a different view at the first meeting of the Poona University Court and would therefore allow the members to move such amendments as were in order and for which sufficient notice had been given.

KARNATAK UNIVERSITY.

Enclosure to Item No. 6.
Senate - 29th Sept. 1950.

Scheme of post-graduate studies and research under the auspices of the Karnatak University as approved by the Academic Council and the Syndicate.

The Provisional Board of University Teaching was appointed by the Vice-Chancellor on 8th December 1949 to make a report on 'a scheme for organizing and co-ordinating post-graduate instruction, teaching and training in the University area'. It consisted of the following members:-

i) The Vice-Chancellor,
ii) Principal M.S. Shah,
iii) Principal V.C. Pavate,
iv) Principal G.B. Jathar,
v) Principal G.S. Paramasivayya,
vi) Principal V.R. Bhat,
vii) Principal V.K. Gokak.

The Board held four meetings and appointed five Sub-Committees under five sub-heads as follows:-

(1) Sub-Committee for Arts.

i) Principal S.C. Nandimath (Chairman),
ii) Shri R.S. Panchmukhi,
iii) Professor S.S. Malwad,
iv) Professor D.R. Bendre,
v) Professor H.R. Navare,
vi) Professor K.R. Potdar.

(2) Sub-Committee for Social Sciences.

i) Principal G.B. Jathar, (Chairman),
ii) Professor B.R. Dhekney,
iii) Professor V.K. Kothurkar,
iv) Professor P.N. Narasingarao,

(4) Sub-Committee. for Sciences.

i) Principal M.S. Shah, (Chairman),

iii) Principal G.S. Paramasivayya,
iv) Professor G.V. Jadhav,
v) Professor Mrs. Gonsalves.
vi) Professor B.B. Bagi.

(5) Sub-Committee for Agriculture.

i) Principal V.C. Pavate, (Chairman),
ii) Dr. N. Narayana,
iii) Dr. M.C. Desai,
iv) Dr. S.W. Mensinkai.

p.t.o.

The Reports of these five Sub-Committees have been attached herewith.* As the Principal, Secondary Training College, Belgaum, had already submitted a comprehensive report regarding the facilities for post-graduate studies and research in his institution, no Sub-Committee to report on the theory and practice of education was felt necessary. In respect of Commerce and Engineering, no attempt was made to examine the question as the two institutions responsible for these subjects will require some time for ~~xxix~~ stabilizing their under-graduate working.

(available for inspection at the University Office).

General Remarks.

We are generally agreed -

i) that the Karnatak University has been created mainly with a view -

(a) to lay down a co-ordinated policy for undertaking all post-graduate studies and research under its direct control or supervision; and

(b) to implement it in collaboration with other institutions in the University area;

ii) that every affiliated institution in the University area be encouraged to assist in the implementation of the scheme to the best of its ability and resources;

iii) that so long as the academic equipment of a graduate remains what it is to-day, the M.A. and M.Sc. degrees by papers will generally be necessary before a student can embark on research;

iv) that the instruction for the M.A., M.Sc., degrees by papers should be conducted as methodically and adequately as the under-graduate training, under the direct control or supervision of the University at Dharwar and the services and co-operation of recognized teachers in the University area should be availed of in making the programme of lectures comprehensive;

v) that Dharwar should be the main centre for the various University Departments of post-graduate work;

vi) that any mofussil college in the University Area should be free to organize post-graduate lectures for the M.A., M.Sc. degrees be papers in any subject provided the University is satisfied about -

vii) (i) the Library, Laboratory and other equipment;
(ii) the qualifications of the staff, and
(iii) the adequacy of the numbers of lectures proposed to be delivered;

vii) that every member on the staff of a college wherever situated, if he can be recognized as a guide for a research degree, should be allowed to take research students under his guidance and suitable research grants be made to him by the University;

viii) that in conformity with the recommendations of the Radhakrishnan Committee ~~xx~~ and the present practice obtaining the Mysore Madras and other Universities, the Honours course be extended by one year. This would enable an Honours student to get a more competent grasp of his subject and a closer acquaintance with research journals and technique. Such an honours graduate could directly proceed to a research degree without having to take another examination by papers;

ix) that so long as the University Departments are held responsible for the lecture instruction required for the M.A. degree by papers, the prestige of these Departments for research is

is likely to suffer. It is, therefore, suggested that post-graduate degrees by Research should be encouraged.

x) that a library should be equipped as expeditiously as possible to meet the needs of arts and social science subject in the first instance. The utility of a library for post-graduate work depends not merely on the collection of suitable books. An efficient ~~kmmkx~~ library service and the provision of the necessary amenities (suitable furniture, lighting, canteen etc.) for long periods of work both for the staff and students would be of great help;

xi) that the publication of a University Journal (Under the Editorial Board of the heads of the University Departments) should be undertaken as early as possible.

Professional Colleges.

(1) The Secondary Training College, Belgaum.

The Principal of the College reports that the Government has been ..nuously developing the Library and strengthening the staff to cope with ..e urgent need for advanced work beyond the L.T. stage. The number of ~~k~~ tu..ents k..on the M.Ed. and Ph.D. degree by papers or research is definitely on the increase. Considering that this institution will be olely responsible for training the large number of secondary teachers, its ..velopment as a first rate pioneering institution for educational theory ..d practice is an absolute necessity.

The establishment of a separate University Department is not, ..owever, considered advisable. In the absence of any close acquaintance ..ith the problems of administration and access to the variety of statistical ..nformation collected by it, the work of such a University Department is not ..ikely to be sufficiently vigorous and purposeful. It is, therefore, sugges..ed that the Educational Department, Government and University between ..emselves should set up an Advisory Committee under whose direction the ..cilities of this College would be re-organized and strengthened for ..search and independent inquiry in educational theory and practice.

College of Agriculture, Dharwar.

The emergence of this College as a large experimental station ..ith training facilities under a competent technical staff is the result ..f the national drive for self-sufficiency in agricultural produce. Its policy and administration is and will continue to be directly controlled ..y the State and the Central Government in the furtherance of applied ..esearch in the field of agriculture as an industry. A separate University Department will, therefore, be superfluous. An Advisory Committee (to be ..et by the University and the Agricultural Department) would be great help ..n co-ordinating the work of this college with such applied research as could be undertaken by the pure ~~xixm~~ science departments of the University.

(3) The R.L. Law College, Belgaum.

Although professional training in legal studies has been fairly extensive in the past, legal research as such is a comparatively ..ew idea. The Government of Bombay has recently become aware of this ..efect and the Committee appointed by it to review the organization and ..facilities for legal instruction in the State has suggested the creation ..f Legal Research Centres in the cities of Bombay and Poona. The absence ..f any mention of a centre for Karnatak is regrettable. The Bar Associations ..f Karnatak and the University will need to take up this matter with the Government before the final decision on the Report is taken. A department ..f Law with a Professor and a Reader appointed by the University be instituted ~~in Dharwar~~ and a suitable grant be made to it for equipping its library.

(4) The J.G. College of Commerce, Hubli.

The J.G. College of Commerce, Hubli, will take some time to stabilize the organization of its undergraduate work and most of its post-graduate problems will either be identical with or closely related to the problems of social sciences. A strong University Department in Economics, Commerce, Transport, Sociology etc. would meet all the requirements.

(5) The D.V. Bhoomraddi College of Engineering & Technology, Hubli.

With the College not still being equipped for the graduate stage, the question of post-graduate studies does not arise. It should, however, be noted that -

(i) the college attracts the most promising section of students at their intermediate stage and that -

(ii) the institution has a vital role to play in the industrial regeneration of Karnatak.

The University should take the initiative and move both State and Central Governments to appreciate the urgent need to equip this institution suitably.

Science Departments.

The establishment of well-equipped laboratories for all the scienc subjects (Physics, Chemistry, Botany and Zoology) and the provision of competent and adequate staff should be the principal concern of the University. But, under the present scarcity conditions, it will take us at least three years to constitute these Departments on a workable basis.

Examining the other institutions within the University Area, we find that the Karnatak College, Dharwar, and the Lingaraj College, Belgaum possess well developed laboratories and scientific equipment for their under-graduate needs. In particular, the Karnatak College, Dharwar, has been, for some years, providing post-graduate facilities to students in Chemistry, Botany and Zoology and we are given to understand that an extensive scheme for building and equipping new laboratories for in Physics and Chemistry has recently been sanctioned and taken in hand. We, therefore, suggest that the University should immediately negotiate with the Government for a mutual arrangement under which the facilities available at the Karnatak College, Dharwar, can be extended and the staff strengthened so as to serve the urgent needs of the University for the next three years. The setting up of an Advisory Committee between the University and the Educational Department will also be necessary. The function of this Committee would be to advise the D.P.I. and the University on the best manner of administering these departments for post-graduate purposes.

As the Karnatak College is not yet sufficiently equipped for post-graduate work in Physics, provision for post-graduate facilities in Physics will have to be made in the Lingaraj College, Belgaum, so long as necessary.

The University may have to supplement the present staff by 4 Professors, one for each subject, and provide additional grant. The Heads of the Departments in Karnatak College, Dharwar, and Lingaraj College, Belgaum may have also to be designated Professors-in-charge of these University Departments during the interim period of about three years.

We also propose that a University Department of Geology be instituted in Dharwar with a Professor and a Reader and a special equipment and apparatus grant be provided.

Departments in Arts and Social Sciences.

In respect of post-graduate studies in Arts and Social Sciences we propose that the following University Departments be started immediately:-

1.	Kannada Language and Literature. Dravadian Philology.	One Professor & One Reader. One Reader.
2.	Sanskrit, Ardhamagadhi & Pali Languages	One Professor & One Reader.
3.	Linguistics.	One Reader.
4.	English Language & literature.	One Professor & One Reader.
5.	Economics.	One Professor.
6.	Politics.	One Professor.
7.	Sociology.	One Professor.
8.	Commerce.	One Professor.
9.	Anthropology.	One Reader.
10.	Philosophy.	One Professor & One Reader.
11.	Mathematics & Statistics.....	Two Professors & Two Readers.

The scale of salary for a Professor should be Rs. 600-40-1100 and that for a Reader Rs. 300-25-650 with dearness allowance at Government rate and the benefits of the University Provident Fund. During the last ten years or so, the demand for competent personnel for the various branches of administration in the country has been so heavy that suitable persons for the posts proposed above may not be easily available; in which case, we would suggest that either the posts be held in abeyance or the Professors' posts be reduced to Readers' posts until such time as really competent men of experience and -- ability can be found.

Research Associates.

In addition to the above posts, we would suggest the creation of twelve posts of Research Associates on a fixed salary of Rs. 250/- per month inclusive of dearness allowance. These posts be not allotted to any Department as such. Younger men of exceptional merit and -- research standing should be appointed to these posts for temporary periods.

The Kannada Research Institute, Dharwar, started by the Government of Bombay in 1938 appears to have been specializing in Epigraphy, Archaeology and Karnatak History and has built up a fine museum. If duplication of work is to be avoided the University and the Government should co-ordinate their efforts for studies in Kannada literature, Archaeology and Karnatak History.

The procedure of recognizing Teachers for post-graduate studies be suitably improved and extended with a view to enable the Teachers of mofussil colleges to take a more active interest in the various University Departments. If necessary, the post-graduate lectures delivered by Teachers from mofussil colleges may include compact courses of lectures delivered in one week during term time or at the close of a term according to convenience. Marathi scholars of repute should be invited to deliver a series of lectures.

The various other details regarding time-table, adequate -- numbers of lectures, qualifications of recognized teachers, remuneration to recognized Teachers, etc. should be worked out by the -- University Teaching Board in consultation with the Heads of the -- Departments after they are formed.

Subject:- Auditing of Accounts.

Sir,

With reference to your letter No. 3602, of 1-8-1950, requesting us to go through your accounts for the period ending 31-3-1950, we herewith give below our report about the work done by us.

It was not possible, within the very short time given to us to go through the accounts in detail. We therefore decided to check the accounts at random and make a sample survey.

Some clerical mistakes found during our investgation were got corrected. Stamped receipts, where necessary, should be insisted and maintained as vouchers in every case, even when money is paid by cheque. We were informed that in practice it is difficult to obtain such stamped receipts. Some meathod has to be evolved to overcome this as otherwise the payment would not be legally valid.

The form in which the accounts are presented is quite proper. The maintainance of the accounts is also good. The accounts of the University are hereafter bound to increase in volume and complexity. It is therefore urgently necessary that some system of preaudit should be laid down and followed. The accounts shown to us, represent, to the best of our knowledge, a true statement of affairs.

All information found necessary during the course of our inspection was given to us readily and we are thankful to the University authorities for the help they so very readily gave us.

Before proceeding with the Agenda, the Vice-Chancellor referred to the tragedy of the aeroplane crash near Cairo and the sad death of Shri D.N. Kowshik, an ex-officio member of the Senate. Shri Kowshik hailed from Bhatkal. After a brilliant academic career he served the Government of India and the Government of Bombay both in India and abroad as an adviser in respect of the various industrial problems. In his sad and untimely death the members of the Senate have lost an able colleague who could have been of great value to the University. He requested the members of the Senate to stand in silence for two minutes in respectful memory of the late Shri D.N. Kowshik. The Vice-Chancellor undertook to send a message of condolence to Mrs. Kowshik and the bereaved family on behalf of the House.

(1) Consideration of the minutes of the meeting of the Senate held on 23rd June and 24th June 1950.

The minutes of the meeting held on 23rd and 24th June 1950 were confirmed with the following corrections and signed by the Vice-Chancellor:-

(a) On page 5 of the draft minutes, under the motion relating to Statute 102, add after "That in line 3 after the word 'English 'Latin and Greek' be deleted". The mover accepted the amendment with the consent of the House.

(b) On page 6 of the draft minutes relating to Statutes 147 to 175, delete 'The motion was put to vote and carried' and substitute therefor 'after some discussion over Statute 172, the motion was put to vote and carried".

(c) On page 7 of the draft minutes delete the words, 'Latin and Greek' appearing once under the 'Faculty of Arts; (a) in the report of the Senate sitting as a Committee and again (b) in the motion moved by Professor S.S. Basawanal, at the bottom of the page.

(2) Election of two members by the Senate to the Financial Advisory Committee under Section 48 of the Karnatak University Act.

The Vice-Chancellor stated to the House that as Shri P.H. Gunjal was the only candidate duly nominated he was, therefore, declared elected as a member of the Financial Advisory Committee and that arrangements would be made for the election of another member in due course.

(3) Consideration of the Budget Estimates for the year 1950-51.

The Vice-Chancellor at the commencement of the business explained to the House that under Section 51 of the Act, the Senate had no authority to make any amendments to the Financial Estimates submitted to it by the Syndicate. The House, could, however, pass Resolutions on the Financial Estimates for being communicated to the Syndicate. The Resolutions included in the Revised Statement of Business could not also be considered, as 14 clear days' notice required under Provisional Statute 23 had not been given. He referred to the procedure that was followed by the Poona University on a similar occasion and stated that if no member raised any objection or questioned the validity of the procedure he would be prepared to treat both the amendments and resolutions shown in the Revised Statement of Business, as Resolutions in respect of the Financial Estimates.

Dr. M.S. Hanshetti thereupon raised a point of order and objected to the amendments and resolutions of the Revised -- Statement of Business being accepted as valid Resolutions.

The Vice-Chancellor gave a ruling that the following amendments and resolutions were out of order:-

I. Amendments by Shri A.G. Joshi:

(a) To ~~xx~~ discuss the unusually stiff results in the last University examinations, the following cut motion is moved -

(b) To discuss the affiliation granted to the Secondary Training College, Belgaum, inspite of the fact that a number of members on the staff of the said -College, who, as Method Masters, are expected to observe lessons given by the trainees and offer criticism and suggestions, are ignorant of Kannada, though most of the lessons are conducted through Kannada medium, the following cut motion is moved -

"In item No. 3 of the agenda i.e. Budget Estimates for the year 1950-51, on page 7, Part IV, head 7 i.e. 'Inspection of Colleges', substitute Rs. 4,999/- in place of Rs. 5,000/-"

The Vice-Chancellor announced that the budget was then open for general discussion so that members could speak on any point relevant to the Financial Estimates.

Shri S.S. Basawanal presented to the House, on behalf of the Syndicate, the Financial Estimates as prepared by them and explained to the House the various items on the income and expenditure sides. He stressed the fact that this being the first budget of the University, it should be treated as being very tentative in character.

When the Senate commenced its business on the next day at 12-0 noon, Shri S.S. Basawanal, in his reply, explained to the House, the inadequacy of precise information on the various items of income and expenditure and dealt with the various points raised by members during the debate on the Financial Estimates. During the discussion on the budget estimates the attention of the Syndicate was drawn to the following points:-

(i) That the deficit on the recurring side could be reduced considerably if the provision made for the post-graduate departments be scaled down so as to meet the minimum requirements only.

(ii) That the income side could be improved by increasing the fees for the various post-graduate courses in a suitable manner.

(iii) That by-elections to authorities should be held as early as possible, preferably within three months after the vacancies are reported. The expenses of such by-elections are not likely to be considerable.

(iv) That a suitable grant be provided for the Board of Students' Welfare if it is to function vigourously.

(v) That the activities of the Board of Extra-Mural Studies should be planned more comprehensively and extension lectures under the auspices of the University should be printed in pamphlet form wherever feasible.

(vi) That the Senate be consulted if, for any reason, the site for the location of the University at Chhota Mahabaleshwar is likely to be dropped in favour of an alternative -- location.

(vii) That the work of the various Committees appointed by the Syndicate is likely to improve if the same members are ~~xx~~ not appointed on many Committees.

(viii) That the Training of students at the Secondary Training College, Belgaum, in the practice lessons should be supervised by Teachers or Masters of Methods who have a thorough knowledge of Kannada.

(ix) That better facilities for the seating of members at the Senate meetings be provided. Better lighting, improved ventilation and provision of writing desks will be necessary for the prolonged sittings of the Senate.

(x) That decisions of the Syndicate be taken after full considera-tion and forethought so as to avoid going back upon hasty decisions previously taken.

(xi) That in the selection of Junior Supervisors for the various examinations greater care would be necessary in respect of their reliability and probity.

(xii) That the seating arrangements at the various examinations be improved.

(xiii) That before drafting the Ordinance prescribing the academic dress for the Convocation, steps should be taken to -- ascertain informally the views of the members of the Senate.

(xiv) That Professors invited to participate in the post-graduate scheme of lectures be paid some suitable remuneration.

(xv) That the conditions for the recognition of post-graduate teachers be made fairly stringent so as to ensure high quality.

(xvi) That the funds provided for the Library should be spent with great care, and expert advice should be obtained in the selection and purchase of books.

(xvii) That in the appointment of examiners to the various examinations preference be given to really experienced persons so as to avoid sudden change in the percentage of results from year to year.

... 7.

(xviii) That the Syndicate proceed to frame a Statute providing for a salary scale for the Registrar and that the scales proposed for the other servants of the University on the administrative side be suitably improved.

(xix) That vigourous efforts be made to collect donations and dndowments for the University by the appointment of a Special Committee, if necessary.

(xx) That the question of amending the Act be taken up seriously and a proper Committee be appointed to study the question and submit a report.

(ii) That the Ordinance relating to Travelling and Halting allowances be reviewed by the Syndicate so as to make them more adequate for the purpose.

(iii) That the foot-note to Ordinance 240 should be so re-worded as to conform to the new numbering of classes in the secondary schools.

(iv) That Clause (ii) of Ordinance 250 seems to be superfluous as there is no provision for medical examination of student and, may, therefore, be deleted.

KARNATAK UNIVERSITY.

Enclosure to item No. 3 -
Senate - 16th Oct. 1950.

Copy of Letter No. 8961/40791-U, dated 2nd October 1950, from the Secretary to the Government of Bombay, Education Department, to the Registrar, Karnatak University, Dharwar.

.....

Subject: Karnatak University.
First Statutes of the -

Sir,

I am directed by H.E. the Chancellor to refer to your letter No. 2785, dated the 1st July 1950 addressed to the Secretary to H.E. the Chancellor on the subject mentioned above and to state that the First Statutes of the Karnatak University require to be modified as shown below:-

(i) Parts I and II of the Statutes are not given any serial number. It is not necessary to enumerate the various Sections regarding the -- powers and duties of the Chancellor and Vice-Chancellor. If the Senate wants them to be retained for general information, there is no objection to do so. The heading "First Statutes" should, however, be -- shown at the beginning of Part III, as the First Statutes have been numbered serially under this part.

(ii) S. 3. - In Statute 3, it is not necessary to specify the -- provisions of Section 23(2) regarding the powers and duties of the Dean of Faculties.

(iii) S. 7 - The words "Senate, the Syndicate, the Academic -- Council" occurring in clause (b) of the Statute 7 should be deleted as Section 12 of the Karnatak University Act already provides that the Registrar shall act as the Secretary of the Senate, of the Syndicate and of the Academic Council.

Clause (e) of the Statute laying down the duties of the Registrar provides for the performance of such other duties as may be prescribed by the Syndicate. Section 12 of the Act provides that the Registrar shall perform such duties as may be prescribed by the Statutes, -- Ordinances and Regulations. Since Statutes can be made by the Senate and the Regulations by the Academic Council, clause (e) of Statute 7 -- will not be in order. Wherever a Statute, Ordinance or Regulation -- provides that the Registrar shall do so and so think it is his duty to perform these duties in view of the provisions of Sec. 12. The words beginning with "perform" and ending with "to" should be -- deleted.

(iv) S. 9 & S. 16. The remarks "withdrawn" against Statutes 9 and 16 are superflous. These two serial numbers should not appear against the blank Statutes. They should be deleted and the other Statutes -- should be renumbered.

(v) S. 144. In Statute 144(B)(ii), the reference to relevant -- Statute should be inserted.

(vi) S. 178 - It is the function of the Syndicate under clause XXIII of Section 19(1) of the Act to fix, demand and receive such fees and other charges as may be prescribed by Ordinances and under Section 29(1) of the Act, conditions under which students can be admitted -- to a degree or diploma can be laid dow n by Ordinances. The provisions in Statute 178 will, therefore, have to be made by an Ordinance.

I am, therefore, to request you to take steps to modify the Statutes accordingly. If the Statutes are amended accordingly, the approval of H.E. the Chancellor to the same under Section 28(7) of the Karnatak University Act may be assumed and they need not be submitted to H.E. the Chancellor again for his approval. Copies of the First Statutes should, however, be forwarded to the Secretary to H.E. the Chancellor, the Education Department and the Director of Public -- Instruction.
